Designed by a leading Zurich interiors studio, the property balances understated Alpine style with generous spaces to relax. An internal lift connects all three floors, while the professional team provides catered service.

The five spacious bedrooms accommodate up to 10 guests, and each has an en-suite bathroom.

After a sauna and steam, guests can cool off at the ice fountain, book time in the luxurious massage room or use the mini gym, equipped with an assault bike, rowing machine and free weights. For relaxed evenings, the cinema room has surround sound, and the TV snug features a large-screen Smart TV.

High-speed Wi-Fi is available throughout, and the ski room has heated boot racks. An internal lift serves all floors. Bedroom comforts include feather or anti-allergy pillows and duvets, bathrobes, slippers, hairdryers and luxury bathroom products.
